Priority Deer Drawing System Guidelines

- The 2001 year was the first year for the priority drawing system from which all priority points were developed.
- All applicants who apply for an either sex hunt, but are not selected, will receive one (1) priority point towards a higher preference each year he/she is unsuccessful in the drawing.
- All applicants who apply for an antlerless only hunt will receive two (2) priority points towards a higher preference for an either sex permit and one (1) priority point towards a higher preference for an antlerless only hunt.
- When an applicant is drawn for a permit, the points that he/she has accumulated to that point will return to zero for that type of permit. Any points for the other type of permit will remain.
- If an applicant is selected and fails to pick up his/her permit, all points accumulated up to that point for both types of permits will be lost. In addition, the applicant will receive a negative total of two (2) points for both types of permits.
- There is no penalty for the hunter who cannot make it into the field.
- Only two (2) people can apply together as partners.
- Law enforcement data banks will be tied to the program to automatically delete those applicants who are still serving probation periods.
- Probation periods assigned to refuge violations will be served consecutively.
- Please note that your points may not transfer if we are not made aware of changes in your identification number.

You can also apply for a State hunt. Contact the DNR Field Office in St. Charles, MI at 989/865-6211.
